Honorable Gordon Gray
Director
Office of Defense Mobilization
Washington 25, D. C.

Dear Mr. Gray:

I generally agree that the Interdepartment Radio Advisory Committee recommendations mentioned in your letter of April 11, 1958, represent the best solution to be found at this time and that the military requirements for national defense purposes should be met as soon as possible without awaiting the outcome of the 1959 Radio Conference. I also believe that early action should be taken to relieve the serious congestion now caused by the use of shared bands for operation of radar both for national defense and the federal airways traffic control functions.

Sincerely,

Signed

Allen W. Dulles
Director
